

A MOMENT OF SILENCE...

...for all those who purchased new distribution software, without considering the total cost of ownership, including: communication lines, inventory holding costs, customer service errors, rebate claims, pricing errors, shipping errors, laser printing, faxing, emailing, EDI, ecommerce. The list goes on. Unless, of course, you choose Prelude's Consortia. Call today for a free white paper on how Consortia's advanced technology and all-in-one pricing will provide you with the lowest total cost of ownership in the industry.
