Rehabilitation and Care Center

FEEL BETTER. LIVE WELL.

WE ARE SURE YOU WILL AGREE:

Everyone would rather recuperate at home. But when that's not possible, Estrella Oaks Rehabilitation & Care Center in Georgetown, Texas provides an excellent option. Why?

We do all we can to return you home as soon as possible.

Our people have the authority to say "yes" to any request that makes your time with us more rewarding, enjoyable and comfortable.

We believe that a gracious residential atmosphere creates the happy attitude that makes recovery easier.

The bottom line is, we believe that short-term, rehab-to-home therapy should be just that. Short-term. And, until you return home, it should feel like home. With good food, good people – a good experience all around.

LIFE IS GOOD WHEN YOU FEEL BETTER.

Everything You Need To Recover Fast.

Our 3,500 square-foot, state-of-the-art rehabilitation gym is one of the largest of its kind in central Texas. Here, our licensed physical, occupational and speech therapists can work with you six days a week to complete the treatment programs specified by your physician. Patient and family training and education are also available. And, an Activities of Daily Living (ADL) suite is on-site to provide a medically supervised "test run" before you return to independent living.

ESTRELLA OAKS “REHAB-TO-HOME” THE WAY IT SHOULD BE.

There is an integrity of service assumed whenever a patient, family members and medical staff agree on a course of rehabilitation therapy. That is, communications will be open and regular. Treatment will be supervised professionally in a facility appropriately equipped. The best interests of the patient's health, comfort and welfare will always be first and foremost – down to the details of meals, social interaction and personal care.

At Estrella Oaks, we are dedicated to delivering an integrated health care experience energized by a loving spirit meant to accelerate your return to independence.
